

## FOUNDATIONAL SKILLS 12-POINT PACKAGE

**INSTRUCTOR-LED MODEL = \$225 / STUDENT**  
**ONLINE OR HYBRID MODEL = \$250 / STUDENT**  
(INCLUDES TRAINING & CREDENTIALING)

### CREDENTIALS

The Leadership Excellence credential exemplifies mastery in interpersonal skills, character, competence, vision and boldness. This distinction emphasizes a dedication to fostering effective relationships, maintaining unwavering integrity, showcasing expertise, and envisioning strategic pathways.

The Lean Six Sigma Yellow Belt certification is a comprehensive program refining process improvement, problem solving, and data driven decision making skills. Graduates demonstrate proficiency in streamlining processes, minimizing waste, and enhancing organizational efficiency.

The Lean Six Sigma Green Belt certification provides an extensive skill set covering statistical analysis, project management, and advanced problem-solving techniques. Those with this certification emerge as indispensable assets to organizations seeking operational optimization and enhanced efficiency.
