

Embold prepares students for success by providing professional and technical skills training through an elaborate self-paced online learning platform.

SPECIALIZED TRAINING FOR STUDENTS

- Self-paced courses with individual quizzes and resource sheets, all 100% online
- Technical skills training covering 100+ industry-recognized credentials from market leaders such as Microsoft, Amazon, Cisco, CompTIA, Oracle, and more
- Soft skills training that directly corresponds to the 14 skills identified by OhioMeansJobs initiative
- Test prep and professional mentoring included with most credential packages

TURN-KEY SOLUTION FOR ADMINISTRATORS

- Staff training and complete onboarding of students
- Real-time activity and grading reports
- Assistance in receiving and tracking usage of government funds
- Learning Management System (LMS) customized to match your institution
- Customizable training packages allowing for various IT & business pathways

Embold has partnered with Skillsoft to offer an extensive library of courses developed based on the science of learning. The Skillsoft platform delivers an immersive learning experience for every step toward a better career.

on the first try on certification exams.

Embold’s cost-effective solution provides specialized training to help students earn in-demand industry credentials and high school and postsecondary credit. The tailored programs prepare learners for the future of work. The Embold solution can stand on its own or be integrated into virtually any training program. **Without a doubt, this is the future of workforce training.**

Former Senior Executive Director at Ohio Department of Education
Leadership Strategist, Builder of People, Education Thought Leader

THE EMBOLD DIFFERENCE

Embold is an organization that is cause-driven rather than profit-driven, with the hope of being a change agent for the world. 100% of the profits generated by Embold are utilized to support educational & humanitarian efforts in Guatemala.
